---

### DAY TRIP - COLLSACABRA

A one-day trip designed for the lovers of nature, mountain, history and photography, walking through one of the most unknown Natural Parks of Catalonia.

With private transportation and accompanied by our guide, we will visit this part of the country.

Collsacabra is “la Catalunya profunda” which means the deep Catalonia, its wild geography made it a place difficult to get to during centuries, it was a shelter for monks and famous bandits.

Cliffs, waterfalls, canyons, deep forests and vertical walls coexist with charming villages. An amazing spot, amazingly conserved and at a short drive of distance from Barcelona.

We will enjoy the exuberant nature, walk through forest trails and we will get to some places with amazing sights.
