Once we are there we will take different trails accompanied by our official guide, at first we will visit the Salnitre caves in Collbató, right by the mountain's foot. A underground world that thanks to the action of water during history has generated some Stone figures that are said to have inspired great artists like Santiago Rusiñol, Ramón Casas or Antoni Gaudí.

11:00 – EL BRUC- LES AGULLES – MONTSERRAT ABBEY

After visiting the caves we will get to El Bruc, a little town placed in the base of the mountain with a really rich history, since, despite of its size, it was a key spot during the Napoleonic wars. After visiting El Bruc, we will go up to Can Massana in our bus, where we will discover the area of "Les Agulles", the needles, and we will go through the northern face of the mountain where we will stop by the great walls that it offers us and also by the Sant Cecilia monastery. After all we will make it to the Montserrat Abbey. The final part of our walk will be optional, and it will be about walking for 20 min through a trail known as "Els Degotalls" that runs along the base of the wall of the mountain.

13:00 – MONASTERY

We will have lunch at a reserved restaurant, where we can enjoy the genuine Catalan cuisine. After that we will enjoy some free time to visit the area at our own pace until 4 pm.

16:00 – CABLECAR TO SANT JOAN

Ascension with the cable car to Sant Joan and visit to the "Les Magdalenes" area, a place where the most intrepid climbers can be found due to its enormous stone monoliths, not in vain Montserrat is the typical Catalan climbing school. There, we will also enjoy a couple old hermitages placed in the middle of the sheer mountain. The trail will take us back to the monastery where we will get by 5 pm

18:00 – MONASTERY

We will enjoy 1 hour of free time in the monastery's esplanade to do the last visits at our own pace, the last shopping, pictures, etc.
